# Come terra riarsa dal sole

vigorese venature tracciano solchi in direzioni imprevedute  
lasciando emergere dal fondo colori in molteplici forme e spessori tridimensionali

## *Comme la terre brûlée par le soleil*

*Des veines vigoureuses tracent des sillons dans des directions inattendues, laissant émerger depuis le fond des couleurs aux multiples formes et des épaisseurs en trois dimensions.*

## *Just like earth parched by the sun*

*Vigorous veins trace furrows in unexpected directions, leaving colours to emerge in many shapes and dimensional thicknesses.*
